I would like to thank the Committee of the FLCofGB for inviting me to judge the Open Show. Thank-you also to my ever efficient steward Karen who did a sterling job, as always. As one of the founder members of the Club I have watched with interest the progress of the breed over the past 25 years. Overall quality is good, but we have to watch substance. The Lapphund is a worker and needs substantial bone structure to support the body and do the running required. A few exhibits were too light in bone and soft in coat both of which are incorrect. I do hope with its popularity the Lapphund can keep "type" and maintain the beautiful head, which on some exhibits was too narrow.

Dorothy White – Chelville.

A bitch with a very heavy coat and perhaps this makes her look a bit over weight, however she is balanced, good eye colour, good head and correct ear placement. Good front and rear which makes for good movement.

2nd Mr T & Mrs K Bright – Alkantara Ilo Mina

Not a lot separated these two. Smaller overall, a very nice head, in correct proportions, narrow in front and not such good shoulder placement.
