Thank you for your entries. An enjoyable day judging a reasonable entry. It is five years since I have judged the breed here in this country. Breeders need to evaluate where we are going with this breed, as type is being lost. Many lack bone and substance. Heads are too narrow especially in the muzzle and very often too long for correct proportions in relation to the skull. Movement was poor on a number of exhibits with little drive from the rear, dragging their hocks along and certainly little evidence of a reasonable reach in the front, which failed to cover any ground. My winning animals could move in a manner suggesting they would be able to do a day's work, moving with a light effortless gait.

1st Mr P Jackson - Multi Ch Elbereth Matkamies ShCM (BOSVIS)

Outstanding example of the breed, still eye-catching and with good ring presence. Never gives up showing and has many desirable good points. Very strong head, dark eye, soft expression. Good bone and body proportions, depth of chest and angulation correct. Tail set on high. Body excellent, moved purposely with a good stride, rear movement could have a little more positive drive.

2nd Mrs W Wilson – Bernavia Taika Miekka

Up to size male with profuse coat, head could have a stronger muzzle and eye colour could be darker, a little wayward on the up and back, good profile movement, well bodied and a correct tail set and a good ring presence.

(See Veteran Dog)

2nd Mr T & Mrs K Bright – Sambreeze Hamara Kaakoa Lovely head of good balance very good eye colour and shape, overall balance correct, lovely body with a good tail set. Moved well for age nearly 12 years, just a trifle high stepping in front, he has correct angulation and good body with correct spring of rib.

1st Miss S Cooper, Mr G & Mrs J Duncan – Pavoskas Britti Bandiitti (BPD & BOSPIS)

A confident balanced puppy with good body for his age, attractive head and expression. Used his ears, dark eye of correct shape, sound mover needs a little more rear angulation. Strong hocks and good tailset.

2nd Mrs W Wilson – Tabanyaruu Pilvi Oberon

Brown /white 11 months has good skull developing eye harmonizing with his coat colour which is correct texture. Making his handler work to keep him focused on the job in hand. Friendly outgoing boy who moved okay when settled, would like his body a tad shorter for balance. Feet good and correct tail set.

2nd Mrs S Croft & Ms L Mowatt – Tabanyaruu Onnea Kissa

A very promising puppy who has a very good shape and balance. Beautiful eye and expression, Has good bone could have carried a little more weight to allow muscle to develop. Little wayward up and down very good in profile.

Novice Dog (3 Entries, 0 Absentees)

1st Mrs S Croft & Ms L Mowatt – Tabanyaruu Onnea Kissa

(See Puppy Dog) Easy winner of this class. Moved more soundly in this class.

2nd Mr T & Mrs K Bright – Thistleghen Fred

This dog can move very well in profile covering the ground. His head needs more definition. Mouth is correct, eye good colour for coat. His body is well made with okay balance, tail is well set on.

3rd Mr A Herring – Alkantara Ahtikarhu

Two year old male of correct balance with a very good coat texture. Attractive head and expression. He could have more substance at two years of age. Needs more angulation front and rear for freer movement. Moved okay very short striding and not straight in hock.

Yearling Dog (4 Entries, 0 Absentees)

1st Mrs T Lloyd – Arianrhod Fintroll JW

Always great to find the right dog on the day. This boy has the bone and substance. His body is excellent with lovely spring of rib, straight front with well boned legs good upper arm matching rear angulation. His head is balanced with a strong broad muzzle that is shorter than skull with width between ears, correct dentition. Eye has soft expression. Ears are semi erect. Coat of desired texture and a thick undercoat. Moved out soundly with ground covering action. CC.

2nd Mrs C, Mr N & Miss S Samuel – Oberitz Upponalle

Brown boy who has a very well made body with correct angulation and strong bone. Lovely correctly placed shoulders with good length of upper arm. Good forechest. Head and expression are extremely good with correct eye and pleasing width to muzzle, rounded skull ears set well apart. Tail was his problem today but I treated it as a fault like any other because there is much that is desirable, lacking in many other exhibits.

3rd Miss J Simmons & Mr J Henson – Infindigo Mailat Loki

Young lad who has a fair bit of maturing to do. His incessant barking with ears back spoilt his expression today. He is a little narrow in front at the moment. Good balance level topline and well set on tail and can move soundly in both directions. Correct coat.

Wolf Sable boy with a beautiful head and expression. Eye a lovely dark brown of correct shape and size good fill in at the occipital arch. Skull rounded, ears set apart and well furred. Correct medium neck into well set shoulders and good length and angle of upper arm. Straight well boned legs, spring of rib, short loin, high set tail which could be a tad longer. His coat is a very good texture with desired undercoat. Moved true out and back using his hocks to produce a sound effortless gait.

3rd Mrs T Jackson – Lecibsin Ukas to Elbereth (Imp Fin)

Expertly handled, responds well. Gorgeous head and expression with head of good proportions an erect ear and a semi erect ear all perfectly correct. More angulation needed as shoulders a little upright I would like more bone and substance for a male. Coat is good texture. A little short in rib with level topline and good tail set. Good feet.

Tri colour Medium size dog of good balance would like more bone and substance plus better angulation in shoulders and upper arm. Plus more neck. His head could be stronger for a male needs, more stop and his skull is a little flat. Good eye and expression. He has good coat texture. Level topline, high set tail. He is a little narrow. Moved soundly.

3rd Miss N Clark – Oberitz Trollnisse

Tri colour Lacking substance and bone, he is a balanced dog longer than previous dog with a reasonable balance to his head proportions and a good eye. Coat okay, tailset high. Moved okay.

1st Mr & Mrs C Orr – Ch. Bridus Rakas ShCM

A lovely example of the breed. He has a very good expression and a kindly soft eye which is a good shape. Good head although muzzle could be a little shorter and fuller for perfection. He used his ears well and was very responsive to handler. He has a good neck and shoulder with correct slope and length of upper arm. Spring of rib, short loin, well set tail. Moved easily and lightly with good stride. To complete the picture a little more furnishings on rear legs would be an advantage. Coat of correct texture.

2nd Mrs D, Messrs T&O Robinson - Oberitz Rumpali

Eye catching brown male with profuse coat. A compact dog of excellent balance, good spring of rib, short loin, high set tail. Straight front, angulation fore and aft in harmony. Moved excellently reflecting his build. His skull is broad and his muzzle a tad narrow. Eye harmonizes with coat colour. I did not think his expression as soft and friendly as the first. Good feet. Lovely coat of correct texture.

3rd Mr P & Mrs P Grimmett – Thistle Glen Duke of Wychewolf

A dog in good coat with unusual markings of correct texture. He is of smaller build but balanced. He moved well in profile a little loose in front and wayward on the up and down. Needs more definition in head, tad long in muzzle eyes and ears okay. Moderate angulation.
